

P. Manijitya Kumar

9908552005 | manijitya04@gmail.com | LinkedIn | GitHub | Codeforces | CodeChef | LeetCode

EDUCATION

Indian Institute of Information Technology Jabalpur

Jabalpur, India

Bachelor of Technology in Computer Science and Engineering (CGPA: 8.6 / 10)

2023 – 2027

SKILLS

Programming Languages: Java, Python, JavaScript, C, C++, SQL, PHP

Web Development: HTML/CSS, Node.js, React.js, Express.js

Database Technologies: MySQL, MongoDB

Version Control: Git, GitHub

Other Tools: VSCode, Postman

ACHIEVEMENTS

Secured a **CodeChef rating of 1632** and participated in over 36 contests, solving complex algorithmic problems.

Achieved a **Codeforces rating of 1240** by solving diverse competitive programming challenges.

Secured a **Leetcode rating of 1802** by solving Data structures and Algorithms problems.

PROJECTS

Food Donation System | *PHP, HTML, CSS, MySQL*

- Designed an online platform connecting food donors and NGOs to reduce food wastage.
- Implemented robust login, registration, and donation-tracking features using PHP and MySQL.
- Developed a responsive UI for seamless user experience using HTML and CSS.
- Optimized backend queries, reducing platform load time by **30%**.

Personal Portfolio Website | *JavaScript, HTML, CSS*

- Built an interactive personal portfolio to showcase skills, projects, and achievements.
- Integrated animations and dynamic components to improve user engagement.
- Ensured cross-browser compatibility and mobile responsiveness.

EcoCycle360 – Recycling and Carbon Tracking Platform (Ongoing) | *React.js, Node.js, Express.js, PostgreSQL's, Python*

- Building a tech-enabled platform to incentivize recycling and reduce carbon footprints for individuals and enterprises.
- Developing smart logistics to track material types, weights, and calculate CO₂ savings per pickup.
- Creating a business dashboard for Walmart to monitor region-wise sustainability metrics and ESG progress.
- Gamifying recycling with eco-points, leaderboards, and redeemable rewards for active users.
- Integrating a Python-based ML model to estimate CO₂ savings using emission factor datasets.

EXPERIENCE

Counseling Committee Member

IIIT Jabalpur

November 2024 – Present

- Mentored over 40+ juniors on academic and personal growth, fostering a supportive community.
- Organized career guidance sessions to help students navigate academic challenges.

Competitive Programming Enthusiast

Self-Learning

Ongoing

- Successfully completed **700+ problems across all platforms**.
- Regularly participated in contests to improve problem-solving strategies.

EXTRA-CURRICULAR ACTIVITIES

Pursue photography with expertise in event photography, composition, and post-processing.

Cover multiple college events and festivals, capturing high-quality visuals for promotions.

Mentor juniors in photography skills.
